

# DreamStore.com

DreamStore.com is an online fair-trade platform. To provide sellers and buyers with the newest information and the most secure trading environment.

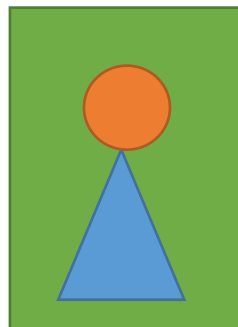

DreamStore.com takes care to protect the privacy of buyers and the rights and interests of sellers. We provide a completely free virtual store for sellers, who can freely upload the goods they want to sell. We will use big data to intelligently push store information to consumers. Attract more traffic to the store. At the same time, our algorithm is updated in real time to ensure that can have enough browse to the seller's goods from the customers.

We provide consumers with the trading environment for real-time monitoring of 24 hours to ensure the safety of consumers shopping online funds. At the same time, we will use big data intelligence to recommend suitable stores for consumers and conduct intelligent ranking of products of the same type for consumers to choose.
